+ GET READY FOR A WHOLE NEW METAL DETECTING EXPERIENCE WITH THE NEW KRUZER SERIES!

The Kruzer will bring hunted out sites back to life by offering the best performance and depth combined with its robust and waterproof design.

Are you a beach hunter? We did not forget about you, either! The Kruzer features a new advanced beach mode that provides a very stable performance on the wet salt beach and even underwater.

IP68
Fully submersible up to 5 meters (16.4ft) and protected from total dust ingress.

Excellent Discrimination and Unmasking Ability
Save time by detecting the targets you want while spending less time digging.

High Performance and Unmatched Depth
Uncover deep coins and relics that other detectors simply cannot detect.

Advanced Beach Mode
Very stable operation in dry sand, wet sand and underwater.

NEW! E.U.D Function
Extra Underground Depth – Detect certain type of metals masked by ground conditions and/or at fringe depths.

Fast Recovery Speed
Get ready to find out what other metal detectors missed amongst trash and iron!

3 Selectable Target ID Depth Levels
Adjusts the depth level that the detector displays on an ID for a detected target.

6 Search Modes
Gen (All Metal) / 2 Tone / 3 Tone / 4 Tone / Beach / Deep

2.4 GHz Wireless Headphones Included*
Enjoy wireless freedom with no latency.

Online Firmware Updates
Stay up-to-date with firmware updates (via USB on PC) and get the most out of your detector.

Vibration
Kruzer will vibrate upon detection of target! Ideal for the hearing impaired users as well as for detection underwater.

Lightweight (1.4kg / 3.0lbs)
Well balanced – Enjoy detecting for extended hours without fatigue.

Built-in Lipo Battery
Easily charge it with the supplied charger or a USB powerbank. Provides up to 19 hours of use**.

**Easy to use
single menu design**

5 Optional Coils to Choose From:

KR13
13cm (5") DD

KR18C
18cm (7") Concentric

KR19
19x10cm (7.5"x4") DD

KR24
24x13cm (9.5"x5") DD

KR40
40x35cm (15.5"x14") DD

*Wireless headphones are not waterproof and cannot be used underwater.
** Battery life on the multi Kruzer will depend on the operating frequency used.

+ GOLD PROSPECTING AT ITS BEST!

Operating at 61kHz high frequency, the Gold Kruzer will bring hunted out gold fields back to life by offering the best sensitivity to tiniest nuggets.

Apart from its exceptional performance in harsh ground conditions and hot rocks, its robust and waterproof design makes the Gold Kruzer the most advanced gold and micro jewelry metal detector on the market.

Easy to use
single menu design

IP68 Fully submersible up to 5 meters (16.4ft) and protected from total dust ingress.

2.4 GHz Wireless Headphones Included*
Enjoy wireless freedom with no latency.

Excellent Discrimination Ability
Just detect those wanted gold targets and ignore iron.

Online Firmware Updates
Stay up-to-date with firmware updates (via USB on PC) and get the most out of your detector.

High Performance and Unmatched Depth
Uncover deep gold nuggets or micro jewelry other detectors simply cannot detect.

Lightweight (1.4kg / 3.0lbs)
Enjoy detecting for extended hours without fatigue.

NEW! E.U.D Function
Extra Underground Depth - Detect small gold nuggets masked by hot rocks and/or at fringe depths.

Built-in Lipo Battery
Easily recharge it with the supplied charger or a USB powerbank. Provides up to 19 hours of use.

4 Search Modes
Gen (All Metal) / Fast / Boost / Micro

*Wireless headphones are not waterproof and cannot be used underwater.

"The Kruzer has just opened a completely new playground for serious hunters... Its aim is true and it hits like a beast... Simplicity and excellence in one machine and the ability to get wet is simply amazing. I won't leave home without the Kruzer by my side..."

Henk Nel from South Africa

"The Multi-Kruzer's world class unmasking and target separation has allowed me to find more keepers from my worked out San Francisco city parks, the Kruzer's a keeper!"

Brian Severn from California, USA

"The Kruzer is not only a beach detector but it makes a great rally detector in the 3 tone mode. No need to worry about getting caught in the rain any more. It does the job for me!"

Dar el Obeirnes from UK

Gold jewelry found in wet sand in beach mode

Bronze Age arrowhead in pasture about 22' down in wet sand. Two electric pins
